D i d y o u k n o w ?

- 1. The FDA did not approve Moderna or Pfizer mRNA gene therapeutics they dubbed "vaccines". It simply authorized them. Fauci confirms. 19 doctors warned the world of the dangers. AstraZeneca is being dropped by 24 countries. Johnson & Johnson, a Viral Vector(1) " injection" that was given Emergency Use Authorization on Feb. 27, 2021, was halted by several states due to the formation of blood clots. The CDC had confirmed. But distribution resumed after a 10 day pause. The CDC also confirms(2) the Pfizer & Moderna jabs are the deadliest of all "vaccines", also shown in a bar chart and a video with step-by-step navigation of the VAERS site.
- 2. The VAERS site is a gold mine of information. It is a must read for anyone who is concerned about the safety of the vaccines.
- 3. Even the prestigious NIH confirms, unequivocally, that:
 - A. "Patient comprehension is a critical part of meeting medical ethics standards of informed consent in study designs"
 - and
 - B. "COVID-19 vaccines designed to elicit neutralising antibodies may sensitise vaccine recipients to more severe disease than if they were not vaccinated."
- 4. ...but orders the media to remain silent.
- 5. Continuing with the disjointed narrative, the CDC states in one part:
 - "In public spaces, fully vaccinated people should continue to follow guidance to protect themselves and others, including wearing a well-fitted mask,

physical distancing (at least 6 feet), avoiding crowds, avoiding poorly ventilated spaces, covering coughs and sneezes, washing hands often, and following any applicable workplace or school guidance. Fully vaccinated people should still watch for symptoms of COVID-19, especially following an exposure to someone with suspected or confirmed COVID-19."

- And in the same page (no less), adds:
- "Currently authorized vaccines in the United States are highly effective at protecting vaccinated people against symptomatic and severe COVID-19."
-
- 2. The clinical trials will be completed in 2023, there are 12 vaccine companies ramping up their marketing. Critical information for women on post-vaccination reproductive symptoms is emerging
-
- For clarification purposes in this article, given that the virus has not been isolated and that the symptoms mimic the flu, Covid19 is considered an influenza variant. And, yes, people can die of influenza or the common cold. In fact, lungs of influenza patients can be more damaged than those of Covid patients. And blood clotting is also common in flu patients
-
- Some will argue that SARS-CoV-2 was developed in a Gain-of-Function lab. That is moot. The primary consideration is whether an experimental injection is warranted for a disease with a 99.9% survival rate. I am for tried, true and tested (safe) vaccines. I am NOT for experimental gene therapeutics backed by disastrous animal studies, used on humans for the first time in history. The Israeli People Committee said of the Pfizer shot: There has never been a vaccine that has harmed as many people
-
- 3. The FDA & CDC have not revealed to the public over 20 adverse effects, including Death, related to Covid19 injections, which were discussed in an October 2020 meeting. 3,544 deaths from Covid19 injections are reported by the National Vaccine Information Center as at 4/23/2021, and one-third of the deaths occurred within 48 hours. 5 prominent doctors discuss how the Covid jab is a bioweapon
-
- 4. The mRNA jab delivers a synthetic, inorganic molecule (medical device) that programs your cells to synthesize pathogens in the form of the spike protein that your immune system will constantly have to fight off for the rest of your life, according to experts such as Molecular Biologist & Immunologist, Professor Dolores Cahill. She explains. Fauci confirms. Dr. Lee Merritt reconfirms.
-
- Others call it Information Therapy that hacks the software of life, according to Moderna's [Mode RNA] chief scientist. You essentially become a GMO. Dr. Sherri Tenpenny mapped eight mechanisms that can result in death by a Covid jab
-
- 5. The mRNA jab does not prevent you from contracting Covid19 or from transmitting it. Dr. Steve Hotze elaborates. Fauci confirms. The CDC graph underscores that reality, proving these injections are ineffective and injection passports are totally useless.
-
- In the US, 95 million people have been subjected to injections as at 4/26/21, of

which 9,245 have contracted Covid post-vaccination, resulting in 132 deaths. Also, an imperfect "vaccination" can enhance the transmission of highly virulent pathogens, according to this [NCGI article](#). A [study on mice](#) concludes that the spike protein from a "vaccination" can cause lung damage

Did you also know?

- ▶ 6. The CDC inflated the death rate for Covid19 - that was not isolated - by instructing medical practitioners in its [March 24, 2020 directive](#) to ascribe the cause of death as Covid19 for all deaths, irrespective if patients were tested positive for Covid19 or if they had other comorbidities, so as to ramp up the fear, and doctors have publicly stated they are being pressured to mark Covid19 on death certificates. Here is a list:
 - ▶ [Dr. Dan Erickson](#)
 - ▶ [Dr. Scott Jensen](#)
 - ▶ [Infectious Disease Director Kris Ehresmann](#)
- ▶ This misstep by the CDC contravenes Federal Regulations, according to [IPAK](#). Each Federal agency is required to submit a formal change proposal to the Federal Register followed by a 60-day public comment and peer-review process before the changes can be made.
- ▶
- ▶ The fact is that [60,000 Americans](#) have been dying weekly, consistently, before and after the covid scare - more [data](#) - while deaths by influenza and other diseases have plummeted
- ▶
- ▶ 7. The CDC later admitted that [94%](#) of deaths had underlying conditions. That means that of the 527,000 deaths attributed to the influenza variant masked as SARS-CoV-2 only 6% were actually caused directly by Covid19, or 31,620. That brings the true case fatality rate to 0.12% out of the 27 million cases
- ▶
- ▶ 8. The survival rate for Covid19 is, therefore, roughly 99.9%. When using the state population as the denominator, the death rate is even lower, ranging from 36 to 247 deaths per [100,000](#). As at March 19, 2021, even with the doctored numbers and faulty tests, the CDC arrived at the following [survival rates](#):
 - ▶ Ages 0-17 99.998%
 - ▶ Ages 18-49 99.95%
 - ▶ Ages 50-64 99.4%
 - ▶ Ages 65+ 91%
- ▶
- ▶ 9. The CDC lumped [pneumonia, influenza, and Covid19](#) into a new epidemic it called PIC in order to inflate Covid19 deaths. The [CDC stats for week of July 3, 2020](#) confirm that pneumonia and influenza combine with Covid to inflate the death rate. The Feb. 5, 2021 [report](#) does the same. The obfuscation is underscored in the [search results page](#), where only "(P&I)" is mentioned, but

PIC graphs appear upon clicking the links. Deaths by influenza have dropped from 61,000 in 2018 to 22,000 in 2020, while [medical malpractice](#) is the third leading cause of deaths in the US

- 10. [Hospitals are paid](#) \$13,000 for every Covid19 admission, and \$39,000 for every patient that is put on a ventilator, on average. [More proof](#) doctors and nurses [have orders](#) to place on ventilators patients who tested negative, effectively killing them

Are you aware that...

- 11. The PCR tests do not detect SARS-CoV-2 particles, but particles from any number of viruses you might have contracted in the past, and that a [lawsuit for crimes against humanity](#) is being launched by a German attorney for this fraud. Even [Fauci admits](#) PCR tests don't work. The [WHO backs him up](#). In this [CDC document](#), testing guidelines state that false negatives and positives are possible - page 39. The PCR test cannot rule out diseases caused by other bacterial or viral pathogens - page 40.
- But most importantly, on page 42, SARS-CoV-2 was never isolated in the first instance: "Since no quantified virus isolates of the 2019-nCoV were available for CDC use at the time the test was developed and this study conducted, assays designed for detection of the 2019-nCoV RNA were tested with *characterized stocks of in vitro transcribed full length RNA*".
- Neither the CDC can provide samples of SARS-CoV-2, nor can [Stanford and Cornell labs](#), and in a [CNN interview](#) Fauci said he was not getting tested and there is no need to test asymptomatic people. He [reiterates](#) that asymptomatic people have never been the driving force of a pandemic. Again, the [WHO](#) backs him up.
- The CDC has played dumb about the high 37 to 40 cycle thresholds used for [COVID PCR testing](#) yielding 85-90% false positives. But, now, it readily accepts the lower threshold of 28 cycles for post-vaccine testing
- 12. There are [class action lawsuits](#) in the works, naming Anthony Fauci as defendant, amongst others. Here's a partial list :
 - a lawsuit against the [CDC](#) was filed for illegally withholding information under FOIA
 - the [WHO](#) has a lawsuit brought against it by German lawyer, Dr. Reiner Fuellmich, for crimes against humanity. Here is an [update](#)
 - nurses are [suing](#) a hospital CEO for Fabricated COVID-19 Tests
 - California teachers are [suing](#) for being pressured to get an experimental vaccine, the [press release](#)
 - the Government of Norway is facing a crimes against humanity [lawsuit](#)
 - the UK Government will be facing a [lawsuit](#) for crimes against humanity
 - Israelis are launching a [crimes against humanity](#) lawsuit against their own Government

- the Government of British Columbia is being sued by the [Canadian Society for the Advancement of Science in Public Policy](#)

- the Canadian Government is facing a legal battle from the best Constitutional attorney, [Rocco Galati](#), who wants to see [Bill Gates](#) jailed
- Florida is suing the [Federal Government and the CDC](#)
- doctors plead guilty to [biotest fraud](#)
- Human Rights attorney, [Leigh Dundas](#), is going after California for trying to vaccinate children without parental consent. And just [like that](#) she forced Orange County to [back down](#) from vaccine passports
- a British [law firm](#) is fighting against 'No Jab, No Pay, No Job'
- Canadian [Police Officers](#) are [taking the Ontario Government to Court](#)
- New Zealand is facing a legal challenge on the admissibility of injections
- All members of the European Parliament have been served with a [notice of liability](#). Part of the notice reads:
"Furthermore, you may be held personally responsible for supporting CRIMES AGAINST HUMANITY, defined as acts that are purposely committed as part of a widespread or systematic policy, directed against civilians, committed in furtherance of state policy."

And we're just getting warmed up. If Israeli citizens have brought their government to the International Criminal Court for Crimes Against Humanity, alleging they are being coerced into taking an inadequately tested, experimental COVID injection by Pfizer, in contravention of the Nuremberg Code, then the citizens of any state (West Virginia comes to mind where young people are [bribed with \\$100](#) to take the jab) have that same right and obligation

13. Therapeutics and prophylactics for coronaviruses, like Hydroxychloroquine, have been approved in [WHO](#), [CDC](#) and [NIH](#) websites.

But, suddenly in 2020 they were banned. Why? Because, according to FDA rules only when there are no alternative therapeutics can untested vaccines be cleared for [Emergency Use Authorization](#). In 2020, the Canadian company, [Apotex](#), was giving HCQ away. Even after the American Journal of Medicine [approved](#) the use of HCQ for Outpatients, HCQ is nowhere to be found in the US. Now, [doctors are pleading](#) that Ivermectin be used as a safe therapeutic. [Here are](#) the graphic results in India

Doctors in [India](#) and the [UK](#) speak out. Costa Rica uses [HCQ extensively](#), while Novartis donates it to [Mexico](#). In India doctors are prescribing [Ziverdo kits](#)

14. [Front Line Doctors](#) who try to explain the benefits of proven therapeutics are being silenced, and some have had their license [suspended](#). A concise summary by Dr. Simone Gold, who is also an attorney and founder of [America's Front Line Doctors](#), is a [must watch](#).

As well, the [British Medical Journal](#) has broken rank and is citing corruption and suppression of science. [The World Doctors Alliance](#) joins the resistance. In Australia, the [Covid Medical Network](#) represents senior medical professionals going up against the establishment

15. [Fauci](#) and the CDC have flip-flopped on [masks](#), [contaminated surfaces](#),

asymptomatic spread, testing, and have only recently acknowledged that herd immunity is achieved when antibodies are spread by those who beat the disease (the 99.9%), but still recommend social distancing, only now from 6 feet to 3 feet, resulting in this lockdown map; while the UK is now promoting a 3rd jab and annual booster shots for those over 50.

Yet again, in a furtive attempt to induce fear, on May 7/21, the CDC revised its criteria of how this airborne virus is transmitted

Speaking of herd immunity, the WHO changed its June 7, 2020 definition from:

"Herd immunity is the indirect protection from an infectious disease that happens when a population is immune either through vaccination or immunity developed through previous infection"

to:

"Herd immunity, also known as 'population immunity', is a concept used for vaccination, in which a population can be protected from a certain virus if a threshold of vaccination is reached. Herd immunity is achieved by protecting people from a virus, not by exposing them to it" in Nov. 13, 2020.

But, it again reversed its position in Dec. 2020, with this inane statement:

"Vaccines train our immune systems to create proteins that fight disease, known as 'antibodies', just as would happen when we are exposed to a disease, but – crucially – vaccines work without making us sick. Vaccinated people are protected from getting the disease in question and passing on the pathogen, breaking any chains of transmission"(4).

And they keep moving the goal posts. Pfizer trials warned men to stay away from pregnant women... but now the CDC is pushing pregnant women to take an experimental biological agent without a second thought. Conscientious doctors do not allow vaccinated people in their offices in order to protect their female staff members

... and that

16. Injuries and deaths by mRNA jabs keep rising. VAERS reports 12,619 serious injuries as at 4/23/21. In the first quarter of 2021 there has been a 6000% increase in deaths by injections from the same period a year ago. Graphically, the jab looks more like a stiff upper cut, to quote attorney Rocco Galati. And that's if, according to a Harvard Study, only 1% of vaccine related deaths are being reported

17. The CDC at one time recommended DDT for in home use, and used the same fear tactics to sell vaccines for H1N1 in 2009, and for the Swine Flu in 1976

18. Documents prove that the media was to be the key player in creating the hype

leading up to the promotion of vaccines, that a [VACCINATE WITH CONFIDENCE](#) paper by the [CDC](#) exists, along with its [British equivalent](#), and that lifting lockdowns - on condition of vaccination - is used as a [carrot](#) to get people to accept the jab

19. Politicians are caught on camera talking about the [theater](#) of wearing masks, and the NCBI, a division of the NIH, published a [paper](#) on the complete ineffectiveness of masks. Even the [CDC](#) warns of the dangers of masks, as do [these studies](#) on Mask Induced Exhaustion Syndrome [MIES](#)

20. The CDC owns the patent for [the coronavirus](#) that is transmitted to humans; also, a [patent](#) for a System & Method to test for Covid19 filed in 2015, corroborated [here](#), and Covid19 test kits were being shipped [around the world](#) in 2018

... or that

21. The Covid19 INJECTION was developed in just a few hours

22. Vaccine companies [cannot be sued](#) for injuries

23. Bill Gates, who [invested \\$10 Billion](#) into vaccines, [boasts](#) of how he injects kids with genetically modified organisms, and can't wait for the next pandemic [to hit](#)

24. Bill Gates is on record pushing for [vaccine passports](#). Parenthetically, various domain names for ["vaccinepassport"](#) were filed in 2016 by an entity in Milan, Italy, and that there are people who cannot take vaccines because of medical contraindications. A vaccine passport would discriminate against these people as they attempt to go about their lives, in violation of [The Americans with Disabilities Act of 1990 \(42 U.S.C. Section 12101\)](#)

25. Bill Gates is on record pushing for the right injections to [lower the world population](#) by 10% to 15%, and a call has been made for his arrest and trial at the [International Criminal Court](#)

Finally, did you know?

26. Covid variant injections are to be marketed without [safety trials](#), Fauci [confirmed it](#), and that antibodies/antigens to SARS-CoV-2 are found in [saliva](#), making the use of masks counterproductive in achieving herd immunity

- 27. The CDC, that props itself up with statements like:
 - “The Centers for Disease Control and Prevention (CDC) is the agency Americans trust with their lives. As a global leader in public health, CDC is the nation’s premier health promotion, prevention, and preparedness agency. Whether we are protecting the American people from public health threats, researching emerging diseases, or mobilizing public health programs with our domestic and international partners, we rely on our employees to make a real difference in the health and well-being of people here and around the world.”
 - buys and resells injections at a markup, about \$4.6 Billion worth every year, and owns over 20 vaccine patents - according to Robert F. Kennedy Jr. and is listed on Dun & Bradstreet. Fauci personally owns 1000 patents
 - 28. The consent forms in hospitals disguise vaccines as "biogenics", and blood brokers have paid up to \$1,000 for blood samples of recovered Covid19 people
 - 29. It's against the Nuremberg code to force vaccinations on a person, and informed consent overrides public policy. Federal law prohibits employers and others from using vaccines under EUA as a condition of employment. A Nevada attorney is ready to do battle. Each state has its own unique provisions for refusing a vaccine on medical, religious or philosophical grounds
 - 30. Donald Trump glories in the fact that he pushed Warp Speed and urges his supporters to take the jab, while Biden gloats that he ordered 100 million doses. Same dung different odor

... or that

- 31. Time, again and again the WHO has discouraged the wearing of masks by healthy individuals, let alone children
 - 32. Several "simulations" of a pandemic were held in:
 - May 2018 Clade X by Johns Hopkins University
 - September 2019. The WHO's Global Preparedness Monitoring Board (in another supposed simulation) included as one of its progress indicators the release of two lethal pathogens by September 2020. See pg 39
 - 2018. Bill Gates' INSTITUTE FOR DISEASE MODELING released a video modeling a pandemic starting at Wuhan, China
 - October 2019. The Liar, Bill Gates, sponsored a Global Pandemic Exercise Event 201, video. Fauci, of course, sits in the Leadership Council of the Bill & Melinda Gates Foundation, which has contributed over \$3.5 million to Fauci's NIH
 - 33. The Pfizer, Moderna and J&J jabs were developed using fetal cell lines, that is, cells grown in labs originally obtained from aborted fetuses decades ago. The argument used by pro-vaxxers is that these are not the original cells, but descendants or duplicates of the originals. The medical term varies depending on the aborted fetus' number and organ. You have a right to decline any vaccine that was developed with or contains fetal

cell lines, based on your religious or philosophical beliefs.

-
- 34. Lockdowns have had no effect on the [death rate](#). Here's another [report](#). And here we can [see](#) how Covid won't breach Michigan's southern border
-
- 35. On March 2020, the British Government discussed tactics it would use to ensure citizens complied with the loss of their rights and freedoms and these have included –
- Using media to increase the sense of personal threat
- Using media to increase the sense of responsibility to others
- Using and promoting social approval for desired behaviors
- Using social disapproval for those who do not comply
- Here is the [document](#), and the woman the [NHS once hired](#) to fiddle with the death numbers. Not to be outdone, Trudeau boasts how much he [pays](#) the media to sell his propaganda that presciently reported in April, 2021 a [4th wave](#), while the German Minister of Interior pressured [epidemiologists](#) to create the fear that would necessitate lockdowns

Legal implications

So your employer backs you into a corner. "Get the jab or quit". What do you do?

Here's what I would do:

1. Demand that the 'jab or quit' proposition be put in writing
2. Explain that irrespective of whether it's a government or a corporation, any entity that makes experimental vaccinations a condition of employment - or of doing business - engages in the practice of forced vaccinations, which is in violation of the [Nuremberg code](#), especially, if they are experimental and are undergoing clinical trials
3. I would pull out my [card](#), ask the questions in it, and leave the card with instructions to relay answers to me in writing
4. I would inform the employer that lawyers are filing crimes against humanity lawsuits, and that I would be consulting an attorney

This is just what I would do. I'm not giving anyone legal advice.

Here's what people say

As a legal professional, currently working on a lawsuit involving 2 Covid vaccine component manufacturers, I can tell you that your research and findings are very accurate. After reviewing the document production we have received the ingredients in the vaccines and subsequent animal studies are absolutely horrific. And I am not a doctor or an expert, but I can read and have common sense. The animal death rate in some of these studies was upwards of 90%. I hope these people are stopped soon. I am afraid by the time it's all over it will be too late and nobody will be able to be held accountable... I agree with your research 100% and will spread awareness within jeopardizing our client's privilege. ~ J. K.

Thanks for sharing great information. My husband and I are not taking the jab, but have many family and friends who have. "Shared" ~ V. E.

Excellently put together! Praying this will reach the masses. ~ L.

Thank you for your great work and getting it out to the people. I too fight the good fight and use all this kind of info to ensure others know it and use it as well. Anything we can do to help we are sure to do!! Cheers !! ~ N. B.

Thank you very much for making this info - easy to understand & easy to share ~ J. V.

I would like to express my gratitude for all the educational labors you have deduced into making this site. It has been very informative and enlightening. I also would like to know if I can translate the contents in this site into my native language, since a majority of my family members have limited English understanding. ~ N.

Thanks for the great information ! ~ S.

Please send me any information. I appreciate all your efforts. No one can do what you are performing! My gratitude goes beyond what is happening with your website. THANK YOU beyond the BEYOND. ~ A. M. R.

Thank you TRUTH ~ S. H.

Great compilation. This is the biggest scandal the world has ever seen. The "pandemic" which never was, and the claims made thereof, grossly manipulated, makes one cringe at the thought of following CDC or WHO or any other institution in cahoots with these groups forcing the vaccine on those less informed. Criminal behavior I hope will be justly and effectively prosecuted. ~ C. C.

Thank you for compiling this information in such clear and concise language ~ A.

I am so happy for this information it really let me own the libs with this good information. In fact, I went to the local "FEMA" "vaccination" center and started handing out fliers with this website on it and making extra sure to stand extra close to people. They called the cops on me and wouldn't let me in the tent, but hey, anything for the cause right? When they booked me I made sure to breathe extra hard (no mask lol) just to rub it in the face of those commie cops. I appreciate you taking the time to read the full sources and definitely not cherry picking information as that would be disingenuous, just like those libtard news stations (lol!) ~ A. J.

Great information, thanks for putting this together ~ J.

I believe everyone should join in a class - action lawsuit with Reiner Fuellmich and take every penny away from the WHO, CDC, NIH and everyone involved in this fraud on the world including Bill Gates, Fauci, Rothschilds, Rockefellers And the Media for pushing this on people, and also the Governors, especially Gov. Newsom in CA who is wanting to vax the children in the schools without their parent's knowledge or consent. ~ L. E.

WOW!!! I wanted to thank you for such an outstanding and awesome resource that is organize nicely and linked to resources that support your statements!...Thank you thank you thank you again and may God richly bless you for all of the time and effort spent on this website! ~ S. H.

Keep up the great work spreading truth about whats being done to innocent populations. ~ R. S.

God bless you for this vital, even life saving information. ~ V.

Love your site! ~ F. R. N.

Individuals who are taking the time to put this information together are few and far between - and would just like to take a moment to extend appreciation. I am sure there are many like me, who have family members that are blinded by the main stream propaganda, not taking the time to look into stats, press releases, and detailed medical reports in order to make an informed decision. This collection of information will help with showing people the dangers of mRNA experiments. Thank you. ~ J. T.

I love the content you have gathered here. What a tremendous resource. ~ C. N.

I don't want to sound like an echo.....but I have to thank you for this web site! You have organized the information in such a manner that I feel appeals to the masses and can make a real difference in sharing critical information. People need to know this information in order to make an Informed Consent. The vaccination efforts have tried to cover up the whole truth and is working over time to administer as many vaccinations as they can before the population starts to question. Thanks Again!! Outstanding presentation of critical information to have an Informed Society. ~ W. J.

Please add GAB to your sharing is caring area. The community there desperately needs this info to share with all of those people they are still trying to wake up. Incredible what you have put together here and needed beyond anything else that has been compiled to date. God bless and stay frosty. ~ S.

Thank you so much! Brilliant! I needed this very clear explanation.
Thank you♥ God Bless you. ~ E. F.

Thank you. Putting the evidence together in a way that can be backed up by evidence is amazing. Leaves no room for doubt. I sincerely hope many of the so called 'elite' scumbags, those in government, WHO and the CDC are jailed for life. No parole. Justice is coming. ~ L. A.

Thank you so much for producing this wonderful, concise, easy to read and understand, document so full of the knowledge that shines of hope for now and the generations to come. I am grateful for your Great Work ! ~ M. C. A. R.

Conclusions

- ❖ Any questions?
- ❖
- ❖ I have one.
- ❖
- ❖ In view of the fact that social distancing and masks are being mandated even after vaccinations, because a vaccinated person can be infected and spread a disease that has a 99.99% survival rate, how do masks, social distancing, and certificates of vaccination bring life back to normal? The answer should be obvious. They don't. The notion that herd immunity is achieved with vaccines does not mesh very well with the concept that vaccines do not restrict infection or contamination or that vaccinated persons could be susceptible to more diseases than unvaccinated persons. In a court of law, fraud would be established beyond any reasonable doubt.
- ❖
- ❖ The vaccine makers and their supply chains don't give a rat's behind(3) about your health. They care about profits and pampering their shareholders. They need pandemics if they are to see a return on their investment, as does the CDC that's listed on Dun & Bradstreet. Not to be melodramatic, but this warning by DeL Bigtree, who has been following this movie from opening night is worth your time. Lastly, the directive of March 24, 2020 by the CDC to list all deaths as COVID, even on the assumption a patient was infected with COVID, is a crime. Even a twelve year old could argue this case in court. On a lighter note, Bill Maher delivers a crushing blow to the medical fascists, who relied on the flawed Imperial College Model designed by Neil Ferguson to roll out lockdowns that unleashed untold misery.
- ❖ If you are still considering taking the jab check your policies for:
 - ❖ - Life Insurance is VOID under “EXPERIMENTAL”
 - ❖ - Malpractice Insurance VOID under “EXPERIMENTAL”
- ❖ There is no question in my mind that many developments in this era were foreseen well in advance.
- ❖ Just examine Bill Gates patent for a digital currency.
- ❖ For anyone who knows anything about the World Economic Forum, in view of all the

pandemic simulations that were conducted and the push for [The Great Reset](#) it is not hard to imagine the reasons for the lockdowns. It's the [Hegelian Dialectic](#) in action.

- Bottom line. [J&J](#) and [Moderna](#) share prices are rising. [Pfizer](#) and [AstraZeneca](#) are relatively flat, as Social Security sees a [decline](#) in Retiree Rolls amid Covid deaths.

- How to share this information to wake people up and also to inform the "public servants" that we know?
- - Share the site with others as "nojabforme dot info" - not as "nojabforme.info"
- Why? Because reports are coming in that the site is being censored and blocked by email service providers.
- Right above, there is a green download buttons. You can download the contents of this site as a pdf file and just email your friends the pdf with workable links, or you can print it. The other download button allows you to print the name of the site on small strips of paper.
- - Share the address of this site with public health officials, mayors, District Attorneys, lawyers, Governors, chiefs of police, hospital administrators, CEOs and fire chiefs
- - Marching with signs that carry "nojabforme.info" using the green needle as a graphic would work
- - Gather a small group and read the text of this site verbatim. Great for pastors, educators, activists
- - Issue Notices of Liability similar to this [example](#) to media, health organizations, and politicians. Put them on Notice
- - Most importantly, share it with Foundations that rely on vaccines to make the world a better place, like the Bill & Melinda Gates Foundation, the Rockefeller Foundation, and any organization that pushes for a one world government, like the WHO and World Economic Forum. Let them know we are waking up to their plans and are resisting. Because in their world our silence is our consent.

Footnotes

- (1) My website gives just enough information for people to do some investigating of their own.
- I randomly searched "how do viral vector vaccines work" and clicked on [this site](#).
- At first glance, we learn that the pathogen itself is not delivered. Sounds innocuous enough. The genetic sequence that will instruct our cells to create the spike protein, which our immune system will build resistance to, is delivered by a "harmless" virus...ie. The Viral Vector. So far so good. But, then there is a contradiction.
- Here's where the mumbo jumbo gets convoluted:
- "However, the viral vector itself plays an additional role by boosting our immune response. This leads to a more robust reaction than if the pathogen's genetic sequence was delivered on its own."
- So, the harmless viral vector is challenging our immune system + the spike protein is challenging our immune system. Is there an OFF mechanism to stop the production of the spike protein? If not, then the body is constantly suppressing the spike protein.
- And there is no telling with this experimental shot how the body will react when an influenza virus or covid variant overwhelms our immune system, resulting in a cytokine storm or an overloaded immune system that starts ravaging the body.
- Net-net: Irrespective of the delivery system, both mRNA and VV shots seem to leave the immune system wide open for a cytokine storm, with the added stress on the immune system brought on by the "harmless" viral vector. But, then again, why take a jab for a disease with a high survival rate?
